Hello everyone, and welcome to the Student-Athlete Registration Centre on U SPORTS Central, our new online member services portal.

This is a time of tremendous growth and progress at U SPORTS, and we are confident that this exciting new initiative will provide great benefits to our conferences and members, as well current and prospective student-athletes. With your valued cooperation and assistance, U SPORTS Central will allow us to be more effective from a compliance perspective, more efficient from a human resource perspective, and more sophisticated across the board.

In short, U SPORTS Central will constitute a quantum leap in the efficiency and effectiveness of U SPORTS operations, allowing us to professionalise our primary and overarching mission - servicing and elevating the experiences of our student-athletes.

From everyone here at U SPORTS, I thank you for your support as we continue to bring the organisation forward, together.

GRAHAM BROWN, BHK, MHK
President and Chief Executive Officer

On behalf of the U SPORTS staff, I am pleased to provide you with this user guide pertaining to the Student-Athlete Registration Centre on U SPORTS Central. To put it simply, this is a momentous step forward for the operations of U SPORTS.

The creation and implementation of the Student-Athlete Registration Centre will dramatically improve our ability to track and monitor recruiting, manage and oversee eligibility and compliance, enhance and modernise the collection and organisation of student-athlete information, and allow our organisation to be more capable and proficient in servicing our members and student-athletes.

We at the U SPORTS national office are extremely excited about this initiative and the various benefits it will yield for our student-athletes. As always, I look forward to hearing from you with any questions or feedback you may have as we continue to work together to modernise our organisation and grow university sports in Canada.

What is it, and what happens next?

WHAT IS IT?

The implementation of U SPORTS Central is a momentous advancement for university sports in Canada, for a variety of reasons:

ELIGIBILITY AND COMPLIANCE

Eligibility is one of the foundations of our organisation, and U SPORTS Central is a substantial eligibility tool.

Maintaining a fair and level playing field is of the utmost importance to U SPORTS, our members, and our student-athletes. U SPORTS Central will greatly enhance our ability to collect, track, and monitor our student-athletes’ academic and athletic information, and in time will vastly improve U SPORTS’ ability to oversee and enforce its compliance mechanisms and policies, ensuring that recruitment and eligibility are governed more effectively and efficiently than ever before. That, in turn, will allow us to improve our mechanisms for ensuring that every student-athlete who competes in a U SPORTS event is eligible to do so.

For student-athletes, this means greater peace of mind that the teams against which they are competing, or the programs by which they are being recruited, are all abiding by the rules that have been implemented to protect them. Due to the importance of these issues conceptually, and the recent implementation of revised and enhanced U SPORTS recruiting regulations, there is a greater need than ever for efficiency, especially with respect to compliance review - the utilisation of this sophisticated but easy-to-use technological advancement will address that need.

UNDERSTANDING OUR STUDENT-ATHLETES

U SPORTS Central is far more than just compliance software. For the first time ever, U SPORTS will have the ability to collect, track, and analyse a set of historical data relating to its student-athletes. By building and developing this new source of institutional knowledge we can better understand who our student-athletes are, what they need, and how we can improve our ability to provide it to them. In short, we will be more informed and educated when making decisions that impact their lives and will be able to implement better tools for servicing their needs and elevating their experiences. Of course, we are sensitive to concerns individuals may have about the security and privacy of the data we collect, and we have revamped and enhanced our privacy policy accordingly.

FUTURE ADVANCES

U SPORTS Central has many operational benefits to our student-athletes. It will eventually streamline processes relating to athletic and academic awards, student-athlete and member communications, letters of intent, international programs, Athletic Financial Awards, CCES anti-doping education, and more.

In short, U SPORTS Central will become a valuable multi-purpose tool – a one-stop shop for all things U SPORTS.

Frequently Asked Questions

Do all student-athletes have to register on U SPORTS Central?

ALL recruits or prospective U SPORTS student-athletes, in ALL sports, will be required to register on U SPORTS Central, our new member services portal. This includes recruits or prospective student-athletes in (M/W) basketball, (M/W) cross country, (M/W) curling, (W) field hockey, (M) football, (M/W) hockey, (W) rugby, (M/W) soccer, (M/W) swimming, (M/W) track & field, (M/W) volleyball, and (M/W) wrestling.

Do student-athletes have to re-register annually, or is it a one-time process?

Each student-athlete will have to register once in their lifetime. When a student-athlete has registered on U SPORTS Central, that profile will cover all of that individual’s U SPORTS activities, including participation in multiple sports, if applicable.

When should a student-athlete register on the U SPORTS Central Student-Athlete Registration Centre?

Prospective student-athletes are permitted to register as early in their high school careers as they see fit, and are encouraged to do so well in advance of embarking on the recruitment process. In the sport of football, a Prospective Student-Athlete must register with U Sports Central prior to making an official visit to a U SPORTS member institution.

Is U SPORTS Central available in languages other than in English?

Yes, U SPORTS Central available in French. Users may toggle back and forth between English and French using the En|Fr icon on each page of the site. All automated emails received from the site will be sent in the user’s chosen language.

What is the cost of registering as a prospective student-athlete?

Prospective student-athletes are required to pay a $50.00 (CAD) registration fee. Member institutions are NOT PERMITTED TO PAY on behalf of a prospective student-athlete or confirmed recruit.

Do transfer student-athletes also have to register with the U SPORTS Central Student-Athlete Registration Centre?

Every student-athlete who will be competing for a U SPORTS institution for the first time must be registered in the U SPORTS Central Student-Athlete Registration Centre. Accordingly, a student-athlete who did not register as a prospective student-athlete, and who is transferring from a non-U SPORTS institution to a U SPORTS institution would need to register.

A student-athlete who is transferring between U SPORTS institutions would not need to register if the student-athlete had already done so as a prospective student-athlete or as a current student-athlete at his or her prior institution. For this reason, it is important to record and safe-keep your log-in and U SPORTS identification details.
